LMDV
HOSPITALITY

WHO WE ARE

LMDV Hospitality Group is the newly established hospitality division of LMDV Capital, the holding company of Leonardo Maria Del Vecchio, created to deliver a 360-degree approach to hospitality and dining.

The group was formed through the acquisition of Twiga Group, part of Majestas founded by Flavio Briatore, and its integration with Triple Sea Food, which includes Vesta, Casa Fiori Chiari and Trattoria del Ciumbia.

This integration brings together a diverse portfolio of venues, supporting the growth of LMDV Hospitality across Italy and internationally.

OUR MISSION

LMDV Hospitality aims to redefine contemporary hospitality through an integrated approach that places the guest experience at its core.

The group develops destinations where dining, entertainment and lifestyle coexist within the same environment, allowing each venue to evolve naturally across different moments of the day and into the night.

Through a long-term vision and continuous expansion, LMDV Hospitality builds a distinctive model that combines different experiences, shaping a new standard of hospitality.
